

OptiSnap® Single-Mode Field-Installable Connector Tool Kits

An Evolant®
Solutions Product

features and benefits |

| | |
|--|---|
| Minimal set-up and tear down time | Allows installers to get in and out of installation sites quickly: no work surface needed |
| Fastest termination, highest installation yields and no consumables | Lowest installation costs |
| Go/no-go feedback technology | Immediate indication of successful termination |
| Convenient carrying case | One tool kit for ST® Compatible, SC and LC Connector types UPC and APC |

With proven field-installable connector technology, fiber terminations using the OptiSnap® Connector system are fast, easy and reliable. The Corning Cable Systems patented, high-precision mechanical splice technology enables fiber optic networks to be installed quickly and cost effectively. The patented Corning Cable Systems go/no-go feedback signal allows the installer to verify that the installation is performed right, the first time, every time. Insert the fiber, activate the cam and watch the pass/fail light illuminate, instilling confidence in every connector installed. The single-mode OptiSnap Connector is available in an ultra physical contact (UPC) polish or an angled physical contact (APC) polish (SC only), offering you a higher grade of performance for your field terminations. With fast installation time and low insertion loss, the OptiSnap Connector system provides a good alternative to fusion splicing. Installation is as easy as strip, clean, cleave, cam and crimp.

OptiSnap® Single-Mode Field-Installable Connector Tool Kits

An Evolant®
Solutions Product

ordering information |

| Part Number | Description |
|---------------------------|---|
| TKT-OPTISNAP-CF | OptiSnap® Connector Installation Tool Kit with flat cleaver, includes installation tool, flat cleaver and all required fiber preparation and cleaning supplies, grey case |
| TKT-OPTISNAP-CA | OptiSnap Connector Installation Tool Kit with angle cleaver, includes installation tool, angle cleaver and all required fiber preparation and cleaning supplies, green case |
| TKT-OPTISNAP-CC | OptiSnap Connector Installation Tool Kit with ClearCurve® compatible angle cleaver, includes installation tool, ClearCurve angle cleaver and all required fiber preparation and cleaning supplies, black case |
| FBC-014 | Individual Angle-Fiber Cleaver (green), compatible with 250 µm coated fiber |
| FBC-015 | Individual Flat-Fiber Cleaver (blue), compatible with all fiber cables |
| FBC-016 | Individual Angle-Fiber Cleaver (black body/green buttons), compatible with all ClearCurve fiber cables |
| FBC-14-15-16-Blade | Replacement Blade for the fiber cleaver |
| TKT-FCC | Fiber Cleaning Kit |
| VFL-A125 | LC 1.25 mm VFL Adapter |
| VFL-A250 | Standard Ferrule 2.5 mm VFL Adapter |
| VFL-AKIT | LC 1.25 mm and Standard 2.5 mm Ferrule VFL Adapter |

Note: Individual OptiSnap Connector installation tools are available for order. Please contact Corning Cable Systems Customer Service.
