

Multilink® FWM024XLC

Fiber Distribution Unit (FDU)

Product Description

The Multilink FWM024XLC is a compact wall mount fiber distribution unit designed to support patching and splicing in one unit. The unit has 4 adapter panel positions allowing for the termination of a wide variety of fiber connector styles. The unit has a single outer door with an inner lockable Network compartment for maintaining termination security. The FWM024XLC is one of a family of units that support fiber termination and splicing in wall mount applications.

General Specifications

Dimensions: 12.0" H x 12.0" W x 3.5" D

Capacity: The unit can support patching, patching and splicing, or full splicing
