Slotted Duct Cable Management

Product Description

The Multilink Slotted Duct Cable Management products are designed to allow for ease in installing and maintaining optical fiber jumpers on standard racks. The product line consists of both vertical and horizontal duct and available in single or dual sided models. The units are all manufactured with a durable engineered thermoplastic and capped with a flexible and easy to install cover. The duct is mounted onto a powder coated steel base for added strength and durability.

General Specifications

Dimensions: See specifics in *Table A*

Capacity: Driven by OD of Optical Cordage

Material: Base, 16 Gauge Steel, Duct, Engineered thermoplastic Covers

Coatings: Electro statically applied polyester powder coat
